

MiB Creative Apprentice Program Application

\\\\\\\\\\\\\\\\ Videography Track Application

Made in Brownsville® is a youth creative agency that is training and employing Brownsville's future in the creative fields of design and technology.

We believe that those closest to the problem should be at the forefront of the solution. For that reason, we are committed to identifying opportunities that utilize human-centered design theory to overcome barriers, empowering our Creative Apprentices to actively improve their community.

0% Introduction

Overview

The Made in Brownsville Creative Apprentice Program (MiB CAP) is a comprehensive training program that provides participants with an introduction to the fields of technical design and creative services. Upon successfully completing this program, Apprentice Designers are able to join the MiB creative team as project-based freelancers.

The program takes place over three months in two phases: Creative Training, which provides a foundational knowledge and skills for working in the creative industry; and Design Apprenticeship, which assesses proficiencies while also emphasizing professional development and workforce preparedness.

During the first phase, participants begin as Creative Trainees with 6-weeks of creative foundations during session 1, followed by 6-weeks of core training in a specified discipline* during session 2. Next, Creative Trainees will become Apprentice Designers and begin a 12-week capstone project, where they are mentored by industry-leading creatives while working on a community benefits project. Apprentices receive a \$600 stipend upon successful completion of the program.

Objective

MiB was founded to provide meaningful creative opportunities for young people of color in Brownsville and Central Brooklyn. Historically, our community has been underrepresented in design and technology careers. In response to this challenge, we created MiB CAP which focuses on 1) introducing young people to the creative

industry, 2) ensuring that they are engaged and invested in their culture and communities, and 3) provide opportunities for professional development and economic mobility.

Eligibility

No prior experience in design is required. Successful candidates will:

- Possess a demonstrated interest in the applicable creative field or discipline
- Have a desire to improve, engage, and serve the community
- Be between 16 and 24 years old
- Attend more than 80% of sessions
- Reside in zip codes 11212 or 11233 (includes parts of Brownsville/ Ocean Hill/East Flatbush/Bedstuy)
- Meet certain low-income eligibility requirements. (See FAQs for details)

Applications may be submitted online at www.madeinbrownsville.org/apply or completed in person at Made in Brownsville located at 47 Belmont Ave, Brooklyn NY 11212.

Program Meeting Times: 3 hour sessions / 3 times a week (specific dates and times to be determined)

Application Deadline: **Friday, January 18th, 2018 at 11:59PM (EST).**

\\\\\\\\\\\\\\\\ Videography Track Application

Made in Brownsville® is a youth creative agency that is training and employing Brownsville's future in the creative fields of design and technology.

We believe that those closest to the problem should be at the forefront of the solution. For that reason, we are committed to solutions oriented design-thinking and creating studio projects that give our youth apprentices opportunities to benefit their community.

67% Design Challenge

Let's say that Instagram has launched a campaign on neighborhood stories. Using the new IG TV function, people are asked to upload short videos about where they live. Imagine that you now have the opportunity to tell us about Brownsville, what would you film? What kind of story would you tell about this community? What do you want people to know about Brownsville? Write 3 scenes that would be featured in your IG TV video on Brownsville. Describe each scene in great detail including any people you would interview, how the scene would be shot, and what you would emphasize.
